

The article

Y.M. Tileubergenov, K.Kh. Shadiyev, B.M. Koshpenbetov, Y.A. Buribayev, Z.A. Khamzina “*Fundamental Causes of Information Systems Vulnerability and Their Protection*”, *Advances in Systems Science and Application* (2016), Vol.16, No.4, P.53-61

was withdrawn by the editorial board due to violation of ASSA publication ethics (please, see [Publication Ethics Statement](#)).

The reason is that the article’s content lacks originality due to substantial intersections with the following paper:

A.V. Revnivykh, A.M. Fedotov "Main Reasons of Information Systems Vulnerability" in *Global Journal of Pure and Applied Mathematics* (2016), Vol. 12, No. 3, pp. 2133–2142

Editorial Board of *Advances in Systems Science and Application*,
